

Environmental Devices Corporation Service Center

Environmental Devices Corporation Decontamination Form

Environmental Devices Corporation (EDC) is committed to the safety of its employees and as such requires a Decontamination Form to be filled out prior to service and/or calibration. To ensure a smooth and seamless experience, please follow the directions below.

Please follow instructions below, sign, and send the form with the instrumentation. A failure to follow instructions will delay processing the service.

1. Decontaminate the instrumentation prior to returning to EDC. Disinfect all services.
2. Review the following contaminants and sign your name confirming the equipment being sent to EDC is void of the following:

All fibers including Asbestos, acids/caustics, solvents, dusts/mists,
radioactive material and biological hazards.

EDC reserves the right to refuse or repair any equipment that appears contaminated. Failure to include this form may result in additional charges. EDC reserves the right to charge a \$135.00 cleaning fee to any equipment that is deemed by EDC to be excessively dirty upon receipt.
